MAINE ASSOCIATION OF  
HEALTHCARE  
ADMINISTRATIVE  
PROFESSIONALS

---

*MAHAP*

# MAHAP

(Maine Association of Healthcare Administrative Professionals) was formed in 1980. It is a statewide organization for healthcare administrative and executive assistants who report directly to senior management.

## MISSION

---

- ❖ Establish a network liaison between members with common positions at healthcare organizations.
- ❖ Provide high quality educational programs to increase job knowledge and skills of members.

## MEMBERSHIP DUES

---

Membership dues are \$50 per year. The dues make it possible to provide high quality educational sessions at a reasonable cost. The organization provides tuition reimbursement to those individuals whose organizations are unable to pay for attendance at the annual meeting.

## CONFERENCES

---

The Association holds two day long conferences a year – one in October that includes our annual business meeting and one in the spring (April or May) that is educational in nature. The conferences are held at different hospitals throughout the state. This provides members the opportunity to visit other healthcare settings while affording equal opportunity for attendance at meetings. A social gathering is held the night preceding each conference at a local eatery chosen by the host facility.

*Attending these conferences is a great way to network with your peers. We try to balance work related topics and general education and wellness at each conference along with a tour of the host facility. Many of our speakers are well known throughout Maine and the northeast.*

## 2004 – 2007 OFFICERS

---
